## Our containers. For all requirements and all types of metal

From our small container system, THE METAL BOX, especially developed for businesses generating small volumes of scrap metal, to 36m<sup>3</sup> hook-lift containers: we can offer you the right container to suit your exact needs.

**Managing your metals: the easy way to store and recycle metal**  
TSR is the company to turn to for environmentally friendly and legally compliant metal recycling services, no matter whether it involves ferrous or non-ferrous metals. We offer a full range of services, including transport logistics and containers.

We bring the containers to you – and pick them up again on a regular or an as-needs basis. We are well-known for our reliable, safe and quick services. Thanks to our smart transport logistics and our close-knit network of branches with their links to railways and waterways, we can bulk up volumes and recycle metal cost-effectively. We can be found wherever you need us – so we're sure to be close to your business, too.

Why not get in touch so that we can put together an offer to meet your needs?

> Skips		5.5m <sup>3</sup>	7m <sup>3</sup>	10m <sup>3</sup>
