THE METAL BOX is a solution offered by TSR Recycling GmbH & Co. KG. The company is part of the REMONDIS Group, one of the world’s largest recycling, service and water companies. The group has branches and associated businesses in more than 30 countries across Europe, Africa, Asia and Australia. With over 32,000 employees, the group serves around 30 million people as well as many thousands of companies. The highest levels of quality. Working for the future.
THE METAL BOX:
A smart solution

Does your company regularly generate scrap metal that needs to be professionally managed and recycled? Then let us do this for you: we supply you with THE METAL BOX, you use it to store your scrap metal and we recycle the materials for you.

How you benefit
- A credit note is issued quickly and transparently
- Payments are based on the latest metal prices (updated daily)
- The metals are weighed on site at your business
- All conditions set by the authorities and the Commercial Waste Ordinance are met
- The metals are processed and recycled

How it works:
1. You tell us when your box is full
2. Your box is weighed on site at your business
3. The full box is exchanged for an empty one
4. The box is transported to TSR’s branch
5. The contents are sorted and weighed again
6. You are issued a credit note quickly and transparently

THE METAL BOX
- Dimensions: 1.20 x 1.00 x 0.76m (LxWxH)
- Available with lids and with locks
- Volume: up to 600 litres

The following costs are included in the contract: a monthly fee for renting THE METAL BOX and a flat-rate sum for each box transported.
